Dear Mr. Maley:

With reference to your communication of May 11, 1967, this is to advise that all the material developed by the FBI in connection with our investigation of the assassination of former President Kennedy was turned over to the Warren Commission for its consideration, and the results of our inquiry into this matter were subsequently made available to the National Archives by the Warren Commission.

In view of the foregoing, it is suggested answers to any questions you may have concerning the work performed by the Warren Commission or the FBI would be available through review at the National Archives.

Sincerely yours,
